

MARIO
EDUCATION

PRESS KIT

WHO ARE WE?

MARIO Education is a K-12 ed-tech company that provides schools with the ability to ensure all students are safe, ready-to-learn, and thriving. We empower school leaders to identify and remove barriers to learning through our proprietary software, our innovative approach to one-to-one learning conversations, and our world-class professional development library.

Schools that employ MARIO can do so across multiple contexts and with diverse priorities: as a personalized advisory solution, as a key school safety and counseling tool, and as a high-impact, evidence-based intervention.
